PRAN kiosk

Prandharin Trust is committed to extending medical and health services to every citizen in India and in that context; we are opening a medical kiosk in every city and every village.
We want to reach the faster to the citizen as the demand is very high in the highly-dense area as well as in the rural area in the critical time there is no availability of medical expertise as well as medicines.
Our medical kiosk is the real extension of the life-saving mechanism in the golden hours.

As in the drug industry e-pharmacy is penetrating with the industrial revolution 3.0 for the quality and the availability of the prescribed medicine in time to the customer at the doorstep. And another object of the medical kiosk is to extend real-time life support by providing medicine and instant support.

With the support of the franchise holder of the kiosk, we are extending the real-time live saving mechanism to every citizen of the country and it will be integrated as PRAN.

At the organisation level, we tried to give a reasonably profitable venture to the franchise holder for their service extension and the earned profit by the organisation will be used for the further expansion of the social services.

How to open the franchise of the PRAN kiosk?

1. The minimum investment of the franchise is 15 lakh rupees which include the construction of the prescribed format of the kiosk along with the medical equipment and dispensing of medicines along with OTC services.
2. The franchise holder is required to book the location of the kiosk by paying Fifty Thousand rupees to the Prandharin Trust Account. And rest of the amount can be deposited within one month.
3. One to one interaction and agreement will be made in between Franchisee Holder and PRANDHARIN TRUST and it will be executed on stamp paper with Notary Signed.
4. Franchise holders can avail of the business loan from the ICICI Bank as we have approached the bank for the extension of the life-saving mechanism at the nearest possible location of the densely situated population or rural population.
5. Franchise fees are non-refundable.

Facilities at the Kiosk:

1. A telemedicine conferencing facility will be available at the kiosk. The franchise holder is supposed to manage the Tele-calling facility to the doctor's center of the PRANDHARIN TRUST at the time of any patient visit to the Kiosk.

2. The kiosk will be fully loaded with OTC medicines, cosmetics, dispense medicines, SOS medicines, and the doorstep supply of medicines to the clients.
3. We will extend the best possible discount to the clients as we are in the social service sector and promote Generic-branded medicine.

4. Prandharin Trust will make all possible support to the reasonable profit margin of the franchise.

5. All the list of the medicines will be available online to the franchise holders for the order and for keeping stock all the separate lists will be available for managing supply chain management at the kiosk level.

6. The franchise holder will be extended by the sufficient data of the nearest residents for their immediate need of the life-saving system with the help of this franchise the kiosk will able to extend its services in the golden period to the patient.

7. Every kiosk will be integrated with the latest update and availability of the ambulances which will help to reach out to the patient in the critical time.
8. Prandharin Trust is extending medical cover to the citizen with the cashless facility along with pre and post-admission and treatment medicine support. These medicines will be supplied mostly from the kiosk to their doorsteps.

9. All the medicines and consumable equipment which are filled the first time and further any new required inventory will be managed at the kiosk levels. The franchise holder is required to refill in time for managing supply chain management. For refilling after consumption of the first inventory supply, the franchise needs to pay for any new refill.
10. All the kiosks will be fully insured from fire, theft and riots.
11. All the kiosks will be loaded with CCTV, and centrally monitored.
12. All the kiosks will be integrated with LED displays.
13. Possible locations of the kiosk from the government end is on Annexure 1

Peripheral support is required to arrange from the franchise holder.
1. Nursing staff round the clock in three shifts.
2. Guard
3. If the franchisee owner is having locations in our desired area then that premises can be used for the kiosk opening. For that required discount can be extended on franchise fees.

Return Guaranteed
1. Prandharin Trust will extend guaranteed income of minimum 45 Thousand every month. For five year.
2. Prandharin Trust will make it ensure that within the period of the franchise term, the franchise holder will become free from all financial liability.
3. After five year, completion of the term of licence agreement franchisee can withdraw franchisee. At the end of the agreement 7.5 lakh will be return back to the Franchisee holder.
4. After three-year franchises can hand over the kiosk to the Prandharin trust. If he is not looking forward to the same offer.
5. This will be examined by the return of the shares in due course of time.

(PRANDHARIN TRUST) PT-T&C

We, at **PRANDHARIN TRUST** (**"PT", "we," "us"**) provide services to all individuals accessing or using our retail stores or **PT** platform (**"PT Platform "**) for any reason (**"you", "yours", "User"**) subject to the notices, terms, and conditions set forth in these terms and conditions (**"Terms and Conditions", "Agreement"**), read with the Privacy Policy available here. The **PT** Platform is owned and operated by **PT**, a company duly incorporated under the provisions of the Companies Act, 2013. f. You may not resell any Products purchased from **PT** stores or the **PT** Platform.

3.3.4. **Delivery and Charges Policy:**

a. **PT** endeavours to carry out deliveries during and within such time period as communicated on our **PT** Platform and various communication channels. Our services are offered on a best effort basis, and as such we do not" provide any guarantee of the exact delivery time, which despite all our efforts, may vary from order to order, due to certain factors including but not limited to operational disruptions owing to shortage of products and manpower, strikes, lockouts, official control measures, inevitable delays by our suppliers, rider unavailability, public holidays, product unavailability/shortage, date of delivery, time of delivery, area of delivery, distance from the hub, customer demand, traffic, sudden breakdown of delivery vehicle, weather conditions, force majeure events specified below and/or any other unforeseen reasons beyond our control;

b. **PT** does not guarantee to deliver your order within a period of two hours and delivery within the said timeline is subject to aforesaid multiple factors, as laid out in the present Terms and Conditions, to be read in entirety;

c. **PT** shall endeavour to deliver the order at the delivery address as provided to us while placing the order on our platform. However, any interruption or disruption caused in delivery due to any incorrect details provided to us on the **PT** Platform shall not be our responsibility and any resultant losses/damages caused shall be your sole responsibility and will not be attributable to us in any manner whatsoever;

d. Notwithstanding your request to leave your order at your doorstep or elsewhere, such request cannot be complied with and **PT** shall not be responsible to deliver your order if no one is available to receive the same at the delivery address, inasmuch as it could lead to theft, tampering, spoilage, contamination etc. **PT** shall not be liable for non-delivery or any losses/damages arising from the same in the given case scenario and any losses/damages caused by such circumstances shall be solely borne by you;

e. You shall undertake to provide accurate directions, information and authorisations to accept delivery of your order. Due to your failure to comply with the same, if the order stands undelivered, the order shall be deemed to have been delivered to you and all the risks and responsibilities in relation thereto shall pass on to you;

f. As part of **PT**"s best endeavour to deliver all orders within the promised delivery timeline, our rider may connect with you via mobile or internet call to identify the exact location of delivery. However, in the event you do not pick up the call or the call on the given number does not get connected at the first instance, for any reason whatsoever, the promised delivery timeline shall stand no longer applicable, without prejudice to the fact that the promised time is only an approximate measure of delivery time;

g. The delivery charges associated with each of your purchases will be displayed on the checkout page once you place an order on the **PT** Platform. Any other applicable charges will also be displayed at the time of purchase and will be payable accordingly;

h. Cash on Delivery ("COD") is a payment method by which you can pay for your ordered item(s) in cash when **PT** delivers the orders to you at your delivery address;

i. If you do not own a credit or debit card or do not wish to pay online, rather than making any advance online payment, **PT** COD option gives you the flexibility to pay the complete order amount on delivery through a point-of-service terminal or through cash as the case may be;

j. In the event you choose to pay for your order via COD mode, the riders shall have the right to refuse delivery of your order if you fail to make the complete payment at the time of delivery. In that case, **PT** shall not be liable for any losses or damage arising from non-delivery of the order and the same shall be your sole responsibility;

k. You will be informed once the order is confirmed and when the items are shipped with an update on the approximate delivery time;

l. **PT** makes its best efforts to ship each item in your order within the approximate delivery time intimated to you at the time of placing the order. However, in some cases, it may take longer to ship the order as we may have to procure it from some other stores or our suppliers. In the unlikely event that **PT** is not able to ship your order completely within 36 hours of the order, we shall cancel the remaining unshipped part of the order, and send you a communication informing you about the same. In such cases, your payment against the unshipped part of the order shall be refunded, in the manner you have made the payment, in accordance with the **PT** Payment, Returns and Refund Policy;

m. All applicable refunds will be processed in accordance with the **PT** Payments, Returns and Refunds Policy available on our **PT** Platform;

n. Delivery time periods specified on our platform shall always be non-binding under all circumstances inasmuch as delivery is a sum total of multiple factors that can assume uncertainty at any moment for unforeseen reasons beyond our control;

o. To put forth its best efforts to deliver the order effectively and within the promised timeframe, both internal and third-party entities are engaged by **PT** to carry out deliveries with strict Standard Operating Procedures. Please note that third party services will be governed by their own terms of service and other policies applicable to the corresponding third party and we have no control or connection to it whatsoever and we make no representation or endorsement regarding the accuracy, relevancy, copyright compliance, legality, completeness, timeliness or quality of any product, services, advertisements and other content appearing in or linked to the services of the third party; and

p. **PT** does not make any inter-state deliveries of medicine. Inter-state delivery of medicines is fulfilled through external delivery partners. **PT** may also engage external delivery partners for certain inter-city and local deliveries. Any delay, loss, harm, theft or damage arising from the shipping of products by the external delivery partner is the sole liability of the external delivery partner. **PT** shall not be held liable for the actions of the external delivery partner in any way whatsoever.

3.3.5. **International Delivery:**

International delivery is not available currently. You can access the website to order items while being located anywhere in the world, but the shipping address has to be in India.

3.3.6. **Additional Information:**

a. **PT** shall have the right, at our sole discretion, to refuse or cancel any orders placed for that product, unless the product has already been dispatched; and

b. You will compensate **PT** for any extra cost incurred for redelivery in the event of a non-delivery in the first instance on account of a mistake by you (i.e. wrong name or address or any other wrong information).

3.3.7. **Medicine Delivery Policy:**

a. Valid prescription from a doctor is mandatory for all medicine orders, apart from when the law permits dispatch of medicine without a prescription. You may be requested to upload a scanned copy of the prescription on the **PT** Platform;
b. You agree that the prescription uploaded by you will be examined by a registered pharmacist where applicable or necessary under law, and your order shall be considered confirmed only after the prescription is accepted by the Pharmacist;
c. You agree and consent to the particulars of your prescription will be recorded by **PT** in accordance with its obligations under applicable laws;
d. You may be required to display the prescription, whether offline or online, for the purpose of record keeping by **PT**, at the time of picking up medicines or accepting delivery of medicines through an online order; and
e. **PT** will have a right to reject (either fully or partially) your Order, in case it is found that the prescription shared by you is not as per the relevant applicable statutory requirements and same shall be informed to you through various communication channels.

4. PROHIBITED CONTENT

6. LIMITATION OF LIABILITY

By using our Services, you confirm that you understand and agree to the following:

a. To the extent permitted by applicable law, **PT** or its affiliates or any **PRANDHARIN** group companies will not be liable to you for any special, indirect, incidental, consequential, punitive, reliance, or exemplary damages arising out of or relating to:

(i) these Terms and Conditions and Privacy Policy;

(ii) your use or inability to use the **PT** Platform; and

(iii) your use of any third party services you contacted through the **PT** Platform.

b. **PT** does not warrant that the **PT** Platform or any of the Services or Products available through it will be uninterrupted or free from errors. There may be delay, omissions, interruption, and/or inaccuracies in materials or Service available through the **PT** Platform.

c. Although **PT** takes reasonable steps to prevent the introduction of viruses, worms or other malicious code to the **PT** Platform, **PT** does not represent or warrant that the **PT** Platform, or the Service or Products or materials that may be made available through the **PT** Platform are free from such destructive features. **PT** is not liable for any damages or harm attributable to such features or arising directly or indirectly from such features.

d. To the extent permitted by law, **PT** shall not be liable to you or to any third party for any direct, incidental, indirect, special or consequential losses, damages whatsoever (including, but not limited to, lost profits, revenue, contracts, anticipated savings, goodwill or wasted expenditure, business interruption, loss of programs or other data on your information system or any other indirect or consequential loss), even if **PT** has been advised, knew, or should have known of the possibility of such damages, arising out of or related to:

(i) your use of or reliance on the **PT** Platform, any information, hyperlinks or content contained therein, or Services included on or otherwise made available to you through the **PT** Platform;

(ii) your provision of information, personal or otherwise, to **PT**;

(iii) the provision of Services by **PT**;

(iv) acts or negligence on the part of **PT**, its agents or employees; and

(v) Errors, delays or deficiencies in services or theft or damage of Products, attributable to third parties who assist **PT** such as delivery partners.

e. To the fullest extent permitted by law, **PT** disclaims and excludes all warranties and representations, express, implied or statutory, with respect to the **PT** platform or **PT**"s services, or with respect to the accuracy, currency or completeness of the information provided by **PT**, including the implied warranties of merchantability or fitness for a particular purpose and non-infringement of a patent, trademark or other intellectual property right. The **PT** platform, including, without limitation, all content, information and links contained therein, is provided "as-is" without any warranty that it will be uninterrupted or error free. You expressly agree that your use of this **PT** platform is at your sole risk.

f. Notwithstanding anything herein to the contrary, **PT**"s aggregate liability (whether in contract, tort or otherwise) for any loss or damage that you may incur on any account whatsoever, arising out of your use of the **PT** Platform, shall be limited to a sum equal to the amount paid or payable by you for the Product(s) or Services in respect of one incident or series of incidents attributable to the same cause.

g. **PT** reserves the right to refuse Service, terminate accounts, remove or edit content, or cancel orders anytime at their sole discretion.

h. No claims or action arising out of, or related to, the use of the **PT** Platform or these terms and conditions may be brought by you more than one (1) year after the cause of action relating to such claim or action arose.

i. We have selected the Products on the basis that they will be used for personal use only. If you are planning to use them for business purposes you are advised to make sure that you are covered by a proper insurance plan. Where you decide to use the Products in the course of a business, we exclude (to the fullest extent permitted by law) those warranties and conditions relating to fitness for a particular purpose. Our maximum liability to business users arising out of or in connection with the Products shall be limited to the replacement value of the Product in question. In relation to business users, we do not accept liability for the fitness of Products for business purposes, nor do we accept liability for loss of use of the Product, nor any loss over and above the cost of the Products in the event of a claim for breach of warranty or condition.

Brief Information in the format of FAQ:

1. What does setting up a **Kiosk** on a Franchisee basis entail?

Franchising today is one of the most common expansion models which has been adopted by some of the most well-known brands. In the US, more than 65% of the service industry revenue is achieved through 'franchised' outlets. Even in India, it has had significant success with established companies like Archies, Monte Carlo, Mahindra, Lakme etc. A franchisor supports the entrepreneur (the franchisee) with its brand name and also vast industry/business knowledge. As a result, a typical entrepreneur has best of both the worlds, the satisfaction of running his own business and the support of a well-known large organization. Setting up a **Kiosk** on a franchisee basis requires entering into an agreement with PRANDHARIN TRUST (PRANDHARIN TRUST) as the Franchisor. PRANDHARIN TRUST will provide the technical know-how and the franchisee will operate the business.

2. Who is an ideal franchisee for setting up the Kiosk?

Consistently superior quality of services is the cornerstone to ensuring success of the. PRANDHARIN TRUST therefore selects each franchisee with utmost care. A proper due diligence is carried out before finalizing a franchisee. An ideal franchisee will have the following characteristics:

He will have a prior track record of running a successful business venture.

He should be able to devote full time or a significant amount of his time to the Kiosk.

He will have a social standing, enjoy good reputation and exhibit integrity.

He will be genuinely interested in the healthcare sector.

He will strictly abide by the guidelines given by PRANDHARIN TRUST.

Individuals looking purely for quick returns or productive utilization of their idle space or building are not necessarily the right candidates and are likely to be discouraged.

3. What is the first step towards becoming a Franchisee?

Anyone who is interested in becoming a franchisee can contact the Head - Franchise Business of PRANDHARIN TRUST directly by telephone at the TRUST Office or e-mail. He can also apply directly through this website or download the franchisee form and send it to postal address. On receiving the required information, the prospective franchisee will be required to fill and submit a detailed Franchise Application Form. A team from PRANDHARIN TRUST will then meet him and discuss the details of the business and will also assess the franchisee’s ability to run PRAN Kiosk.

4. How can a prospective Franchisee obtain detailed information about the project?

If your profile is found suitable and after successful completion of due diligence process you will be required to attend a meeting with our Senior Management at our TRUST office in JIAPUR / LUCKNOW for final selection.

5. What are the formalities involved in selection of a Franchisee for 'PRAN Kiosk'?

Depending upon your conviction about the project and PRANDHARIN TRUST's assessment about your ability to successfully take it forward, a MOU would be signed between PRANDHARIN TRUST and your group. At this point, you would need to pay License fee. This would be followed by a Due Diligence conducted by PRANDHARIN TRUST to assess your financial capabilities. You would also need to form a Private Limited company to establish and operate 'PRAN Kiosk'. Once this process has been completed, PRANDHARIN TRUST will sign a License agreement with your company to officially nominate you as a Franchisee for 'PRAN Kiosk'

6. The best brand in healthcare. A workable business model. A good location. Success is guaranteed, right?

Wrong. The most important ingredient for success is the franchisee himself. His managerial ability, interest in healthcare and extent of personal involvement in the business determines the success of 'PRAN Kiosk'. Which is why, as in all franchise businesses, we have extraordinary performers, average performers and non-performers.

7. How long would it take to start operations from the time of signing the Franchisee Agreement?

The time taken from signing the Agreement to commencing operations depends to a large extent on a few critical factors like, the selection of a suitable site, tying up the finances and completing licensing requirements. Also, the time required for constructing ground up Kiosks is typically longer than that required for establishing Kiosks in existing buildings. If there are no major issues, it is easily possible to commence operations within a time frame of 3-4 months from the date of agreement.

8. Can I form a partnership venture with other business partners for taking **Kiosk** franchisee?

You can decide to partner with anyone else for taking the **Kiosk** franchisee. However, PRANDHARIN TRUST will assess each person individually before signing the agreement. It is also to be noted that the Franchisee Agreement is signed with a limited liability company only. Change in partners/shareholders after the signing of the agreement is restricted by the terms of the agreement.

9. Can a franchisee only be an investor? If I put up funds and agree to a different sharing pattern, is PRANDHARIN TRUST willing to manage the business? Else, can I appoint a professional manager to run the business?

NO

10. What is required in order to set up a Kiosk?

The Kiosk will require an area of about 120-300 sqft at ground floor level and should preferably be close to a large residential area. The area will vary according to the number of specializations being planned. It is envisaged that the Kiosk will be on leased/rented premises. However, franchisees may also consider constructing a separate building, or purchasing existing buildings. With the same line of action PRANDHARIN TRUST is also try to provide the government location for the operation of the kiosk which will be on the disposal of the local authorities who will mark the place accordingly Annexure 3

11. How is PRAN **Kiosk** different from similar establishments run by doctors in my neighborhood?

You can feel the difference between PRAN **Kiosk** and other similar establishments right from the moment you enter the Kiosk. The ambience is designed to provide an experience which is most comforting to the customers. Our clinical as well as non-clinical procedures have been developed after research by a team of specialists from within the PRANFHARIN TRUST. Consultants are selected for the **Kiosk** after being interviewed by a panel of doctors from the PRANFHARIN TRUST. In addition to all of this, PRAN **Kiosk** can enhance its business through referral arrangements with PRANFHARIN TRUST throughout the country.

12. Can the **Kiosk** provide for high-end equipment, for e.g. a CT Scan?

The 'base' model of the **Kiosk** does not contain any high-end equipment. However, depending on the local need-supply gap and the availability of adequate space, we have included other facilities in a number of PRAN Kiosks.

13. What are the value added services that PRAN **Kiosk** provides?

The **Kiosk** also offers tale-medicine facilities. These are for use not only by the consultants practicing in the Kiosk, but also by other physicians as well. While its acceptance is likely to be gradual, we expect such a facility to give the **Kiosk** a competitive edge. PRAN **Kiosk** also provides interface with other Hospital group entities to enhance resource utilization. The **Kiosk** also offers a number of health check packages. In addition, a number of camps have been developed for implementation at the Kiosk, with well established protocols along with RTLS-M. (Real Time lifesaving Mechanism)

14. What is telemedicine? How does it help the Kiosk?

Telemedicine provides the **Kiosk** access to specialists and super-specialists who are located at different parts of the country. This is done using audio-visual devices that connect consultants in one facility (in this case the Kiosk) with specialists and super-specialists in another facility. Doctors and customers in the **Kiosk** have the option of consulting these specialists and super-specialists online without incurring the cost of travel, and within a short span of time. The end result is an expert opinion from a specialist with much less cost. The **Kiosk** benefits by providing additional value-added services to its customers at minimal costs. Currently, the network is extended to consultation with PRAN facilities at Delhi, Chennai, Hyderabad, Kolkata and Ahmedabad.

15. What does PRANDHARIN TRUST do for the franchisee?

The relationship between PRANDHARIN TRUST and the franchisee is modeled on best international franchising systems. As the franchisor, PRANDHARIN TRUST will provide all support for setting up and later running the Kiosk.

The overall scale of operations will ensure that the franchisee enjoys excellent cost competitiveness - both during implementation stage and later during operations.

Given below is a brief description of PRANDHARIN TRUST's **support services to be provided to be franchisee:**

a. **Site selection Do's & Dont's** This is first step of project development, and is the most crucial element of **Kiosk** setup and utmost care should be exercised in choosing the right place for the Kiosk. A set of Do's and Don'ts to be kept in mind while looking for a suitable site for the Kiosk

b. **Architecture & Interior Design** PRANDHARIN TRUST has developed a comprehensive manual incorporating all possible design features to take care of all types of sites (of any size, shape, location, etc).However Based on the manual, PRANDHARIN TRUST 's in-house design team prepares the layout plan for each Kiosk.

c. **Project Execution including Appointment of Contractor** Standardized construction (flooring)/ engineering (air conditioning, electrical, sanitary fixtures etc) materials are negotiated with leading suppliers/ manufacturers to get the most competitive pricing.

d. **Project Financing** Based on a study of the local need-supply scenario, PRANDHARIN TRUST will assist in preparing a Project Report and also assist the franchisee in mobilizing financial resources (in the form of debt), where specifically requested by the franchisee.

e. **Selection and Procurement of Medical Equipment** The franchisee is provided with the list of recommended medical equipment from PRANDHARIN TRUST. These equipment have been selected after exhaustive negotiations with leading suppliers and have the best configuration and prices. The franchisee need not reinvent the procurement process. The equipment package includes adequate warranty and after sales service features.

f. **Selection and Training of Personnel** PRANDHARIN TRUST has a highly structured system for selection and training of medical, para-medical and other administrative/support personnel in a Kiosk. PRANDHARIN TRUST is also directly involved in Screening of key positions in the Kiosk, and a panel from Hospitals is involved in conducting interviews for all key positions in the Kiosk. A 10 day training session is conducted by the PRAN team, for the administrative and technical staff at the Kiosk. Refresher training and upgrades are provided to the employees on a periodic basis.

g. **Kiosk Management Software** PRANDHARIN TRUST has an exclusive basis, **Kiosk** Management Software. This comprehensive software address all medical and non-medical functions of the Kiosk. The software is implemented by PRANDHARIN TRUST /IT partners, and the **Kiosk** staff will also be trained by PRANDHARIN TRUST /IT partners .

h. **Local sales support** PRANDHARIN TRUST's marketing executives will train the franchisee's sales personnel in sales and promotion of the Kiosk. They are actively involved in developing product and pricing strategy and also the pre-launch activities.

i. **On-going Service Quality Training & Monitoring** PRANDHARIN TRUST will carry out periodic medical and service quality audits of the **Kiosk** function, which help in maintaining and improving service quality standards of the Kiosk. This includes regular Clinical and non-Clinical audits, developing standard operating procedures and checklists, and assistance in implementing service quality. PRANDHARIN TRUST also sets and monitors monthly revenue targets for the Kiosks.

16. What are the revenue streams in a Kiosk? And what is the overall profitability?

The **Kiosk** will derive its income broadly from the following services: Consultation including counseling services Diagnostic Services Preventive Health Check Programs Dental Services Treatment room Others (Telemedicine, doctor @home, referrals etc) The **Kiosk** is expected to generate revenue through all of the above sources. It is also expected that there will be a large degree of cross-referrals between various revenue generating streams.

17. What does PRANDHARIN TRUST charge as fees?

PRANDHARIN TRUST charges an 'Initial License Fee' at the time of signing the Agreement . This license is valid for a period of Five (5) years, which is the tenure of the License Agreement. As royalty fee, PRANDHARIN TRUST will charge a percentage of the gross turnover of the **Kiosk**, which will be payable on a monthly basis. * Initial License Fee and Operating License Fee may be revised at PRANDHARIN TRUST 's discretion.

18. Will PRANDHARIN TRUST make investment (even a token amount) in these Kiosks?

Since the chain of PRAN **Kiosk** is being set up on a franchise basis, the franchisee will be responsible for the entire investment. Where requested, PRANDHARIN TRUST will assist the franchisee in arranging term loan from a bank. However, PRANDHARIN TRUST will not make any investment in the Kiosk. It will also not give any guarantee to the lender.

19. If a PRAN **Kiosk** is set up in a city where a full-fledged hospital already exists, will it not mean unnecessary competition within the same organization?

PRAN **Kiosk** shall focus on primary healthcare. We do not perceive any competition from the existing facilities which are mostly secondary and tertiary care facilities. Secondly, no two PRAN kiosk facilities would be operating in the same territory as any other PRAN facility. In fact, such facilities would create synergy in terms of referrals.

20. What will be the name of the Kiosk? Can the name be altered or modified?

Every **Kiosk** will be called "PRAN Kiosk". No deviations are allowed. The name and signage has been standardized and no deviation, beyond PRANDHARIN TRUST’s stated guidelines, will be permissible.

21. What is the growth plan for the Kiosk? Can I ever own an PRAN franchised hospital?

Currently our focus is on primary healthcare as it is an area with tremendous unexplored and unutilized potential. The growth of Kiosks is envisaged in terms of geographical expansion or/ and sub-franchising as also through introduction of additional facilities. However, we cannot rule out the possibility of setting up hospitals at a later stage.

22. How are the physicians going to be associated with the Kiosk?

The **Kiosk** will have a Consultant General Medicine, Pediatrician, Gynecologist and a Cardiologist. These physicians will form the core team, but besides the Consultant General Medicine, all other specialty doctor will not normally be on the full time rolls of the PRANDHARIN TRUST. Apart from them, the **Kiosk** will have a group of visiting consultants from various disciplines like General Surgery, Orthopedics, Endocrinology, Urology etc. The **Kiosk** will also have a nursing staff on its full time roll. The hours of employment may however be decided based on the local conditions. The Consultant General Medicine will take care of the preventive Health Checks programs too. All other doctors will be consultants.

23. How would doctors and technical staff be recruited? What will be PRANDHARIN TRUST role in this?

The method of employment of doctors would vary from city to city. PRANDHARIN TRUST will assess the financial implications on the business and recommend full time employment, revenue sharing based association or any other method that is considered appropriate. Good technical staff is adequately available in the market. PRANDHARIN TRUST shall help in recruiting such all key staff by designing advertisements, conducting interviews, and short listing.

24. What would be the profile of a typical **Kiosk** Manager?

The professional manager should preferably be excellent managerial skills, marketing acumen and a flair for customer relationship management. He would have about 2-3 years of work experience, preferably in a primary healthcare facility. Doctors in administration may also fit the profile.

25. How many people do I need to employ to run the **Kiosk** operations?

Typically staffing requirements in India vary between 2 to 5. Actual staffing could vary depending on a number of variables including the number of facilities set up and the number of floors occupied by the Kiosk.

26. Can the **Kiosk** provide for high-end equipment, for e.g. a CT Scan?

The 'base' model of the Kiosk does not contain any high-end equipment. However, depending on the local need-supply gap and the availability of adequate space,

27. Can I invest in 10 Kiosks in different locations at a single time? What are the economies of scale involved for the franchisee in such a case?

We would like to allocate a Franchise only for one **Kiosk** in the beginning. Based on the business performance and customer feedback, we would consider allocating licenses for more Kiosks.

28. Are the locations for opening a PRAN **Kiosk** restricted? Can the Kiosks be set up anywhere in India or abroad?

PRANDHARIN TRUST has prioritized certain cities based on Market Surveys conducted for the establishment of new Kiosks. Some of these cities are being considered for implementation in the first phase itself. Other cities shall be covered in the second and third phase. We foresee completion of all three phases in the next 1 year itself. For information regarding specific locations, please contact our PRANDHARIN TRUST office.

29. What are preventive health-checks and how important are they?

Preventive health-checks are checks performed on individuals to determine the stat of their health by carrying out a series of diagnostic tests. Preventive healthcare is catching up in bigger towns and cities. There is already a lot of Clinical business in this area. We intend to popularize the maxim of "Prevention is better than cure" through our marketing programs. Very soon, with the entry of private insurance companies, preventive health checks will become a norm. Insurance companies would certainly prefer paying for pre-insurance health checks than settling large hospitalization bills. Secondly, while allotting an insurance policy to anybody; insurance companies would rather have an institution certifying the health of a prospective customer as against an individual.

Health kiosks

This study found that health kiosks are promising, cost-effective and multifunctional tools; if included in the formal health system of countries, they may improve health indicators in countries. However, before deploying, their challenges and concerns need to be investigated and addressed.

The health kiosks play an important role in health care industry. They are touch screen computer-based terminals which are usually standing in public or specialized health areas. Unlike old versions of kiosks, opportunistic, the integrated kiosks are not just limited to providing information and consulting services but turning to hygienic, diagnostic and sometimes medical services. They make the provision of services and supply of medicines cheaper, faster, and easier, tailored to the client's time and desire.

Its benefits, the increased efficiency and cost-saving, increased accessibility, saving staff and patients' time, and reduced health-care weaknesses , improved patient safety , improved self-care and management of chronic diseases, reduced medication errors caused by the discrepancy between drug prescriptions, and identification and screening of new chronic diseases have been mentioned in various studies. They can also provide some health services in disasters.

On the other hand, there are some concerns about the use of health kiosks too. Device and data security and quality, privacy, service tariff, advertising protocol, and –most importantly- the inability to convey the emotions, hope, and convenience to patients need to be thought out; and the right solutions should be found.

Yet, this tool has not been included in some countries' formal health systems. The policymakers and investors require a comprehensive view of experiences in different countries to be justified to develop and deploy kiosks. The managers also need to know how to deliver services through kiosks, what will be the outcomes, what are benefits and challenges, etc.

The diversity of health kiosks and provided services, on the other hand, it has led to inconsistency in the findings of studies. For example, Chan et al. found that these kiosks are welcomed more at shopping centers, docks, walk-in centers, and “Kwik Save” supermarkets, while Jones et al. showed that they are more welcomed at specialized medical places ; Similarly, Eva et al. showed that the majority of kiosk users are women aged 30-50 years old, with postgraduate education and above, and with medium- upper income (75- 150 $), while Chan et al. believed that the gender, age, education level, race, neighborhood, and length of stay of users in the clinic waiting room did not significantly affect the effectiveness of kiosks .

Despite limited systematic studies in this area, the current highly changing environment, especially in the health technology industry, necessitates the periodical updating of information . Therefore, this study aimed to investigate all studies that had been conducted from 2001 to 2018 which revealed how the health kiosks are being used over the countries in order to provide a comprehensive vision and sufficient evidence about installing kiosks for health decision-makers in other countries.

PRANDHARIN TRUST is going to open health Kiosks at different levels of the state which includes

1. All the bus stops of the state,
2. Railway stations rural and urban areas,
3. At the District collectorate premises,
4. At the SDM headquarters
5. At the block levels.
6. All the villages
7. All the toll areas,

8. Densely populated areas,
9. local city bus stops,
10. universities,
11. colleges and
12. schools
13. Shopping malls.
14. Police lines
15. Parks area with Big locality /society /colonies
16. Any spot recommended by District health Officers and District magistrate

These kiosk operations will defiantly be going to support in real-time which will reduce the death ratio and help to get the fast delivery of the medical support.

Our expectation is to allot a marked area of a minimum of 8 x 15 sq ft in above mentioned locations. PRANDHARIN TRUST will never claim a right to own that place. Required to allot on lease or possible manner.

The kiosk will be supported by the nursing staff 24 X 7 and in the kiosk, there will be a facility of

1. Measuring temperature,
2. Measuring blood pressure
3. Blood sugar
4. Fat analysis
5. Blood oxygen
6. Blood uric acid
7. Blood cholesterol support
8. Urine test
9. SOS medicines
10. First aid
11. Population control measurements
12. Portable oxygen cylinder
13. Injury prevention services
14. Health self-management services of community-dwelling older adults
15. HPV testing
16. Mask
17. Regular generic medicines.
18. Oxygen Support System
19. Telemedicine support
20. Tele doctors Support with consultation
21. Heat way protection
22. Dehydration prevention measurements
23. Sanitary pads distribution
24. Asthmatic prevention measurements
25. Measuring height
26. Measuring weight scale
27. Visiting doctors for limited Hours
28. And many more …..

In our study, we observed that in all the mentioned locations there was not a single medical facility for instant delivery of the services. Health kiosks are allowed to deliver the services spontaneously and it will reduce the time to get medical help support, it will be a promising, cost-effective, and versatile way to enhance universal health coverage in all three dimensions: population coverage, financial protection and delivering services.

PRAN kiosk

Prandharin Trust is committed to extending medical and health services to every citizen in India and in that context, we are opening a medical kiosk in every city and every village.
We want to reach the faster to the citizen as the demand is very high in the highly-dense area as well as in the rural area in the critical time there is no availability of medical expertise as well as medicines.

Our medical kiosk is the real extension of the life-saving mechanism in the golden hours.

As in the drug industry e-pharmacy is penetrating with the industrial revolution 3.0 for the quality and the availability of the prescribed medicine in time to the customer at the doorstep. And another object of the medical kiosk is to extend real-time life support by providing medicine and instant support.

With the support of the franchise holder of the kiosk, we are extending the real-time live saving mechanism to every citizen of the country and it will be integrated as PRAN.

At the organisation level, we tried to give a reasonably profitable venture to the franchise holder for their service extension and the earned profit by the organisation will be used for the further expansion of the social services.

How to open the franchise of the PRAN kiosk?

1. The minimum investment of the franchise is 15 lakh rupees which include the construction of the prescribed format of the kiosk along with the medical equipment and dispensing of medicines along with OTC services.
2. The franchise holder is required to book the location of the kiosk by paying fifty thousand rupees to the Prandharin Trust Account. And rest of the amount can be deposited within one month.
3. Location will be treated only booked after receiving the booking amount.
4. After booking of location applicant's interview in the presence of a one-to-one will be held that will be informed separately.
5. One month period need to pay rest of the amount after interview and finalization of franchisee.
6. Due to any of the reason if applicant does not get the franchise then all amounts will be return back with the period of one month.
7. Franchise holders can avail of the business loan from the ICICI Bank as we have approached the bank for the extension of the life-saving mechanism at the nearest possible location of the densely situated population or rural population.
8. All payments only be accepted in the account through the website. We have not allowed any person for any direct booking and collection.

Facilities at the Kiosk:

Kiosk will be integrated with all government and Private Hospitals, Doctors, Medical shops, Diagnostic labs, Blood Bank, Ambulances, Police station for instant delivery of the medical services. All the kiosk will monitor by the PRAN Portal with real time status.

1. A telemedicine conferencing facility will be available at the kiosk. The franchise holder is supposed to manage the Tele-calling facility to the doctor's center of the PRANDHARIN TRUST at the time of any patient visit to the Kiosk.
2. The kiosk will be fully loaded with OTC medicines, cosmetics, dispense medicines, SOS medicines, and the doorstep supply of medicines to the clients.
3. We will extend the best possible discount to the clients as we are in the social service sector and promote Generic-branded medicine.
4. Prandharin Trust will make all possible support to the reasonable profit margin of the franchise.
5. All the list of the medicines will be available online to the franchise holders for the order and for keeping stock all the separate lists will be available for managing supply chain management at the kiosk level.
6. The franchise holder will be extended by the sufficient data of the nearest residents for their immediate need of the life-saving system with the help of this franchise the kiosk will able to extend its services in the golden period to the patient.
7. Every kiosk will be integrated with the latest update and availability of the ambulances which will help to reach out to the patient in the critical time.
8. Prandharin Trust is extending medical cover to the citizen with the cashless facility along with pre and post-admission and treatment medicine support. These medicines will be supplied mostly from the kiosk to their doorsteps.
9. All the medicines and consumable equipment which are filled the first time and further any new required inventory will be managed at the kiosk levels. The franchise holder is required to refill in time for managing supply chain management.

2. Nursing staff recruitment for round the clock in three shifts.
3. Guards as per the location.
4. If the franchisee owner is having locations in our desired area then that premises can be used for the kiosk opening. For that required discount can be extended on franchise fees.

Telehealth Extension:

When it comes to improving access to medical care, support, and education, few pathways are as valuable as telehealth.
Before we address equipment needs, it's essential to define precisely what telehealth is, as many people assume the term is interchangeable with "telemedicine'.
But in actuality, telemedicine only involves the use of digital communications technologies to conduct remote appointments for diagnosis and treatment. Telehealth, on the other hand, encompasses a range of services, including telemedicine appointments, health assessments, preventive care, and even administrative activities, that are performed remotely through digital tech.

PRAN kiosk will deliver the following services from Telehealth:

- **Live and Interactive Videoconferencing:** A two-way audiovisual connection between a patient and their healthcare provider.
- **Store and Forward Videoconferencing**: A recorded video, image, or data is sent to a remote healthcare provider.
- **Remote patient monitoring (RPM):** The use of digital technology to record personal health information like blood pressure, weight, and pulse at the patient's home or other location. That data is then transmitted to a remote healthcare provider for review.
- **Mobile health (mHealth):** Healthcare and other public health information provided through mobile devices.

Telehealth Services:

Telehealth makes healthcare more accessible to underserved populations, including people who live in rural or remote areas where providers – particularly specialists -- are scarce. Such services also increase convenience for patients limited by mobility issues, time constraints, or a lack of viable transportation options.

Beyond those benefits, the availability of electronic medical records and video conferencing technologies help improve communication and coordination among the members of a patient's care team. RPM technology and personal health apps have proven useful in supporting patient efforts towards healthcare self-management.

Over the past year, telehealth services have been crucial in reducing the spread of COVID-19. One recent survey found that 97% of responding practitioners have chosen to expand their telehealth offerings because of the global pandemic. These new programs will likely remain in place even once the crisis has passed.

Basic Equipment and Technical Requirements for Telehealth

PRAN kiosk will be integrated with the below types of equipment and facilities.

- **A Stable Internet Connection**
- **An Examination area for the virtual visit**
- **A Video Camera Device**
- **An HD Audio Device with Basic Speakers**
- **An Interactive Screen**:
- **Videoconferencing Software**
- **Remote Patient Monitoring Kits for At-Home Telehealth Visits**
- **Peripheral Devices**

Kiosk Devices:

1. An Autoclave

Medical kiosk are where people go when they get sick, so it's natural that they see their fair share of germs. Controlling the spread of infection is extremely important to stop the growth of infections. This includes controlling the spread of hepatitis B and C, HIV or human papillomavirus.

2. An Automated External Defibrillator

This life-saving equipment can access a patient's heart rhythm if they suffer a sudden cardiac arrest. If necessary, the defibrillator will also administer an electric shock to help regulate the heartbeat.

While this might seem like an extraordinary task, the beauty of AEDs is that they're very easy to use.

3. Basic Diagnostic Equipment

- A blood pressure monitor
- Thermometers
- Blood test kits
- A pulse oximeter
- Stethoscopes
- Ophthalmoscopes
- Otoscopes
- Colposcopes
- Eye charts
- A reflex hammer

4. Examination tables

You should also ensure that you have a procedure and examination tables to suit all your patients. This includes tables with adjustable heights and support systems. Keeping a step in your office is a useful way to help patients up onto a bed that doesn't have an adjustable height setting.

5. Specialized lighting is also important for conducting a thorough exam for any patient.

6. Every Kiosk should also feature weighing scales and a height measure. These should be top of the range to ensure that they are accurate.

7. Procedure Equipment

Sometimes you may need to perform minor procedures on a patient, such as cleaning or dressing a wound. So you should always have plenty of the following:

- Adhesive bandages
- Antiseptic wipes
- Cotton wool pads and swabs
- Gauze
- Hypodermic needles
- Paper towels
- Tissues
- Tweezers

8. Emergency Equipment

Every now and then a routine doctor's appointment takes a turn and a patient requires urgent medical assistance. When this happens it's important to have emergency medical equipment on hand.

You should have:

- Aspirators
- Oxygen canisters
- Oxygen masks
- A resuscitation bag or mask
- Airway suction unites
- Foil blankets
- A trauma board
- Ventilators

9. Laboratory Test Support

Sometimes basic diagnostics won't be able to tell you everything you need to know. When this happens you may need to turn to laboratory analysis for a more comprehensive view of your patient's condition.

Laboratory medical equipment lists will include:

- A centrifuge
- Urine analyzers
- Chemistry analyzers
- Glucose analyzers
- Microscopes
- A fridge and freezer for storing specimen

All tests are out sourced.

10. Protective Equipment

Another key way to stop the spread of infections is by wearing appropriate protective equipment. You should use this during examinations and when carrying out any procedures.

You need a good supply of disposable gloves, aprons, and face-masks. You should only use these once and then get rid of them safely, so you'll need plenty of them.

Eyewear is also vital as it stops any infection from entering your body through your eyes. Make sure you have a couple of pairs of these and always clean and sterilize them between wears.

Having a plentiful supply of hand sanitizer is also a good idea for any Kiosk. You should have this conveniently located in every location so people can use it easily.

11. An ECG Unit

An ECG unit is an important piece of equipment that helps to detect irregular heart activity.

It performs an electrocardiogram, which measures the electrical activity of a patient's heartbeat. Over a period of time, the unit records a patient's heartbeat and prints out the rhythm. This means you can quickly spot any irregularities.

This is an extremely important piece of equipment as an irregular heartbeat can be a sign of serious underlying health problems. You can use this information to refer them to a specialist for further treatment.

12. Storage Equipment

As you can tell there's a lot you need to kit out your Kiosk so you need some good storage.

Clearly marked cabinets and shelving are a must. This will make it quicker and easier to find exactly what you need.

You should also ensure that you have proper disposable systems throughout your office. Bins, sharps containers, and safe chemical disposal are a must-have for patient and staff safety. You should also ensure that you have proper janitorial equipment to hand to clean up any spills throughout the day.

13. Supplies to Ensure Patient and Staff Comfort

Last but by no means least, you want your office to be a comfortable place for your staff and patients.

Comfortable furniture in your offices.

Having water coolers placed throughout patients stay . This can help to avoid unnecessary fainting episodes,

It's a good idea to have a wheelchair or two on hand in case a patient suddenly needs assistance. And every office should have clean blankets for any at-risk patients.

To keep your staff happy, put effort into stocking the break room. Appliances such as microwaves, toasters, and coffee makers are a must. You should also ensure that the fridge is big enough to accommodate all of your staff's food.

14. Some other equipmets are also essentail part of the kisok and that will be loaded on each kiosk.
